

BELISHA BEACONS

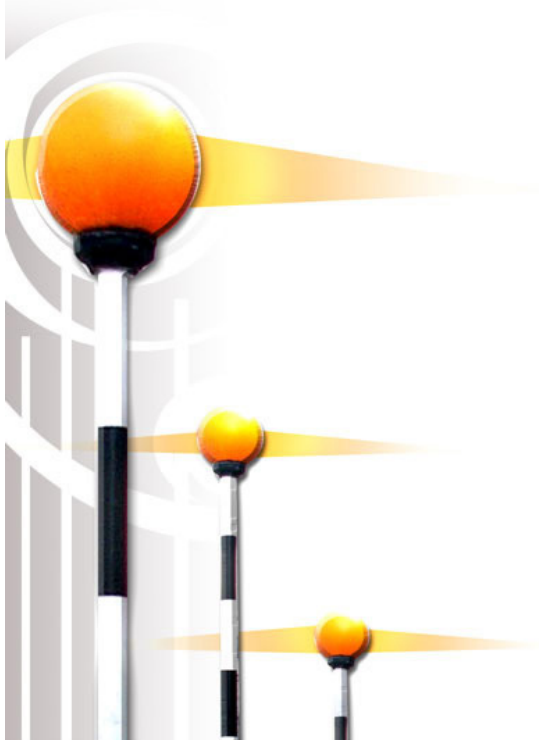

Safety. Confidence. Assurance.

Solar Powered Beacons – Applications

Solar powered flashing beacons draw driver attention to road safety signs, markings and crossings. In poor weather conditions strobing orange lights help to illuminate driver hazards.

Increased parking areas can create a challenging environment for drivers, distractions and loss of driver attention can cause important safety signage to be overlooked. Flashing warning lights instantly make signs more visible, thereby increasing driver and pedestrian safety.

APPLICATIONS:

- Pedestrian Walkways & Cycle Paths
- Shopping Centres, Retail Parks & Supermarkets
- Schools, Colleges & Universities
- Hospitals & Nursing Homes
- Bus & Transport Depots
- Car Parks
- Petrol Stations
- General Circulation Routes
- Caravan Parks & Campsites
