

BELISHA BEACONS

Safety. Confidence. Assurance.

Solar Powered Beacons – KEY BENEFITS

Our beacons require minimal technical input for installation, working independently allowing them to be placed directly onto the attachment on our pre-fabricated galvanised posts.

The industry standard LED (light emitting diode) traffic signal head creates reliable, maintenance-free operation 365 days a year.

KEY BENEFITS

- No trenching, cabling or wiring
- No electricity bills
- No lamps to change for up to 50,000 hours
- No electrical contractors required for installation
- Durable water resistant design equipped to handle prolonged exposure to extreme weather conditions
- Independent self-contained system
- Automatically adjusts to the surrounding environment
- Enhancing road safety
- Long life cycle
- Environmentally Friendly
